"Dream Cars" features 17 concept cars from the early 1930s to the 21st century that pushed the limits of imagination and foreshadowed the future of design. The exhibition pairs conceptual drawings, patents and scale models with realized cars, demonstrating how their experimental designs advanced ideas of progress and changed the automobile from an object of function to a symbol of future possibilities. Location: The High Museum of Art. 1280 Peachtree Street NE. Atlanta, GA. For directions visit www.high.org or call 404-733-4400 for more information.
