**Michael Page Dominates Rome  
Fireworks on the Track and in the Sky**

July 3, 2011 - Michael Page exploded to front and was never seriously challenged as he peddled his Super Late Model to the checkered to capture Rome's 30-lap championship event on July 4th weekend.

Derek Ellis, Aaron Ridley, and Bo Shirley followed Page to the finish respectively, with the hard charger of the night John Cloer, Jr — who transferred into the feature by winning the consi race — finishing in the fifth spot (unofficial results).

The track came in very smooth and appeared to be very racy on this night but was a little slow with the unofficial fast time at 14.72 seconds. The blistering track record at Rome Superspeedway is 12.78 seconds.

**Great fireworks show ...**

Not all of the fireworks were on the track during this exciting evening at Rome as the speedway put on a thrilling 4th of July fireworks celebration!

The aerial display lasted for several minutes with one of the most beautiful finales that I have ever seen. I am certain that all race fans in attendance would like to thank the Swims family for the show!

**Another standing room only crowd ...**

With the seats filled, there were race fans sitting on the grassy banks flanking the grandstands on this great night of racing. And there was a tremendous turnout of cars in all divisions.

There is something truly magical about Sunday nights at Rome Speedway! The Southeast's Clay Superspeedway!

**And other divisions of racing ...**

There were Pony Cars, Econo Bombers, Super Bombers, Crate Late Models, and Limited Late Models on-hand for the show on this night as well. Please check out MotorsportAmerica.com website for additional news and pictures — and follow the link to Rome Speedway for all of the official results.
