

## Barber Motorsports Museum makes for a family-friendly day trip

Story: Wetzel Davidson, Jr. / Photos MSA Staff

On May 18, 2019 AMVETS Post 118 went to Birmingham, Alabama to Barber Motorsports Museum. We had the opportunity to walk the place to see all the motorcycles and Lotus cars. The exhibit of this museum was amazing, so many Motorcycle and cars and other things on display that was extraordinary to look at. Being able to tour the outside and observe the road course and the beautiful artwork that was created and the layout of the track.

It's an incredible museum and it's secluded in the middle of nowhere, just outside of Birmingham, Alabama. The landscaping and the art in front of the Museum and all around is just outstanding.

The museum is beautiful and is a top-notch collection of all types of motorcycles from early vintage bikes to the newest racers. If you like motorcycles and cars this is the place to come and just enjoy the place and explore all aspects of motorcycles and lotus cars. Each section that you walk to in the museum and you are looking at an exhibit, it has a plaque that explains a bit about what you are viewing so that you have an idea of what exactly you are looking at.

This place does events and has a place to eat. Even if you are not a big motorsport fan, this is worth a trip. It is easily one of the most architecturally advanced designed facilities inside and outside. There is so much to see and learn and from the custom lotus cars to vintage bikes of all sorts. A family friendly place for ages of all sorts.

Barber Motorsports Museum is located at 6030 Barber Motorsports Parkway in Birmingham, AL 35094
