

Pocono Race, Continued from pg 14

Jimmie Johnson heads for the pit lane. Keselowski is off first. Harvick stays out. Hamlin is on Harvick's bumper. Harvick gets loose on the outside lane and Hamlin moves to the race lead. Ryan Preece goes into the wall on lap 114, and the field goes to pit lane. Erik Jones is out first. Kyle stays out until lap 134 when he pits. This gives the lead to Erik Jones. With 19 to go Martin Truex hits the leader and stalls out. Hamlin moves up to second. Caution comes out with 8 to go because of a stalled car on the backstretch

At 4 laps to go Truex is lined up with Hamlin. Hamlin pulls out in front with Erik Jones in second. Kurt Busch and Ricky Stenhouse go into wall. This brings another caution and leads to a 2 lap shoot out as drivers are running low on fuel. With 1 lap to go Jones is running down Hamlin. Hamlin wins for Joe Gibbs Racing. Afterwards Hamlin said his crew chief, Chris Gabehart, said there had enough fuel to make the checkered flag but they did not count on a green-white-checker. They decided to just go for it and it paid off.

Race ends as Denny Hamlin wins, second to Erik Jones and third, Martin Truex. Kyle Busch ends at 9th.
