

## The 2019 Mecum Auction Continued from page 6

If memorabilia were your interest numerous vendors were on hand selling everything from completely restored gas station equipment to plastic models of every car imaginable.

Not only were there stunningly beautiful street cars and motorcycles up for bid but this year there was also a lineup of nostalgic full tilt race cars. Cars the likes of Richard Petty's #43's, Sox and Martin Mopars, Dyno Don, Yankee Peddler, and Dick Landy's cars to name a few. Some of these were estimated to fetch bids of over a million dollars.

The venue in Harrisburg was one of many scheduled Mecum Auctions this year and this one was certainly well organized. The Mecum staff, Farm Show Complex employees and the many volunteers were very accommodating. Everyone seemed very knowledgeable and pleasant. All had smiles and obviously enjoyed what they were doing. The medical and security personnel made their presence known and demonstrated the upmost professionalism.

With Watkins Glen racing the same weekend we were only able to spend one day at The Mecum which certainly made it hard to absorb all there was to see. We however were there long enough to see a well-orchestrated and

thought out event with overwhelming sights and sounds. To us The Mecum was not just an auction but an actual experience and adventure in motor vehicle history both past and present.
