

Dega Perspective #2

Hello everyone, my name is Misty Baker and I have been covering NASCAR racing for a year now. Let me tell you what a ride it has been. My husband Billy Baker a photographer and I, along with my good friend publisher and chief photographer of Motorsport America just spent an exciting weekend at Talladega.

This is what I call a new beginning phase one for the Talladega Superspeedway. I don't know much about tunnels, roads and those sort of things like that but what I do know Talladega just put in a massive tunnel that can have tractor trailers campers RVs you name it can go under it. Talladega is definitely investing in the fans before the October race the new garage area will be finished and it's going to be something special.

I believe it will be the greatest improvement to a track in NASCAR history, not only will they be a new garage area that's fan-friendly and even the camping in the infield will be something special. It will have luxury sites, full RV hookups which was something that was only dreamed of before, I am super

excited to witness these changes at the Talladega Superspeedway.

Oh, and there was an exciting race or two there this past weekend, I truly believe that this racing was some of its best. I got to witness the first non-restrictor plate race in over 30 years at Talladega and boy the race did not let me down, if you haven't been to a race lately you have to be at Talladega in October. I am sure you will want to get your tickets as soon as possible. Talk about being at a super exciting event, you have to be there to believe it.

I was happy to see fan favorite Chase Elliott take the win in an exciting way and to see him in victory Lane just like his dad. Some people say Nascar has missed the beat, I say no way NASCAR is stepping it up and you need to be a part of it. Come join us at the next NASCAR race you'll have the most fun you've ever had with your clothes on.

AMS ADDING DRINK RAILS IN CHAMPIONS GRANDSTAND FOR 2020

Many Atlanta Motor Speedway fans will be greeted by roomier, more accommodating seating when NASCAR returns to Georgia in 2020.

The Speedway is installing drink rails to selected seats within its Upper Champions Grandstand; adding a convenient

surface for fans to place snacks and beverages without obstructing their view of the action on the Speedway.

Attendees seated in areas with a drink rail will also benefit from increased leg room and storage space for coolers and bags beneath the drink rail.

The seating upgrades are the third improvement to come from Atlanta Motor Speedway's "20 in 20" initiative. All told the Speedway will be announcing 20 individual enhancements to increase fan value and the overall enjoyment of the Folds of Honor QuikTrip 500 NASCAR weekend

on March 13-15, 2020.

Tickets and camping locations for the 2020 Folds of Honor QuikTrip 500 weekend at Atlanta Motor Speedway are available now. Call 877-9-AMS-TIX or visit www.atlantamotorspeedway.com to buy at the best price today.
