

# Road Atlanta hosts first round of the 2018 MotoAmerica Championship

Road Atlanta will host the first round of the 2018 MotoAmerica Championship and features the Motul Superbike class, Supersport, Stock 1000, Liqui Moly Junior Cup and the Twins Cup.

MotoAmerica held its first event at Road Atlanta in 2015, with rain providing a thrilling backdrop to all of the races.

Since then, the track made famous by its red clay and esses, has backed that up with dry races that have been among some of the best on the calendar. Road Atlanta returns to the schedule for a fourth successive time, April 13-15, as the season opener for the first time.

This year, Road Atlanta will be even more exciting as MotoAmerica expands its events to include enhanced VIP experiences, a new track-side experience with a grandstand stage, live commentary and music, and a special early evening concert on Saturday following the last race. Musical artists to be announced.

### Camping

Camping in Road Atlanta's park-like setting is a truly unique motorsports experience. With dramatic elevation changes Road Atlanta offers camping areas at several exciting locations around the circuit. Whether you want to be right on top of the action with a trackside spot, in

an open field or camped in a more secluded wooded area, Road Atlanta offers a variety of options.

Restrooms and showers are conveniently located in the infield and paddock. Reserved RV campsite locations, including electric hookups, are available on a limited basis.
